March 27, 1986	**Preliminary hearing was set for this date in Compton Municipal Court. Codefendant charged with murder in A635731**
	What happened in A635731? Apparently codefendant won. Dismissal? Even if not-guilty verdict the murder would still be admissible under Evidence Code § 1101(b). Apparently . *Lamont* Johnson and Robert Pitts were unavailable. Are they available now?

1987

Codefendant rapes Shina Parker

1988

January 7, 1988	Codefendant robs Lovette Williams. LAPD report, felony complaint in Trial Book
March 14, 1988	Codefendant, 19, murders **Ellis Ray Warren**? Apparently yes. March 2, 2012, the prosecution says may offer in case-in-chief. I don't see anything in Trial Book
March 15, 1988	March 15, 1988. Shooting of **Andre Dennn** WHAT IS THIS ALL ABOUT? March 2, 2012, the prosecution says may offer in case-in-chief. I guess a shooting codefendant committed or ordered. I don't see anything in Trial Book

October 19, 1990 — Codefendant in case # A976297 gets complete acquittal? IS THIS DECEDENT CHRISTY CASE?

1991

1991? — Apparently in Christy murder case in Compton where codefendant is a defendant jury hangs 11-1 for not guilty and apparently thereafter district attorney or court dismisses the charges. February 10, 2012, deputy district attorney says will offer Christy murder in its penalty phase presentation re codefendant

June 1991 (Not 1992?)	Codefendant allegedly threatened to beat **Emerald Starr Parker**, age 11, with an extension cord if she would not suck his penis; Emerald then orally copulated codefendant. (I also noted this happened "around August 1, 1992")
Maybe about August 1, 1991	Codefendant's Possible Motive: East Coast Crip decedent Payton Beroit aka B-Rite beats up Robin Woods aka Ra-Ra. Maybe on Sunday, August 4, 1991 See Anthony Spratley February 7, 2012, transcript page 4. Anthony Spratley says February 7, 2012, that in January or February 1992 codefendant explained to Anthony Spratley that he, codefendant, *had* defendant kill decedent Beroit. The conversation Spratley has with codefendant at transcript page 13. It looks like Anthony Spratley will testify codefendant had defendant kill decedent Beroit because decedent Beroit had beat up Robin Woods aka Ra-Ra, per Anthony Spratley, the night before. Apparently Anthony Spratley said to codefendant. But Robin Woods aka Ra-Ra was decedent Beroit's baby's mother. Why did codefendant care about

Robin? Was he fucking her?

	arrest under Evidence Code § 352. Good luck. District attorney can just black out the booking information and call a officer to identify the photograph of defendant wearing a black leather jacket OUCH LAPD reports in Trial Book. InformationTA15553 filed November 29, 1991, in Trial Book

Evans died of his wounds the next day. LAPD reports also list codefendant as a suspect. When codefendant Johnson was interviewed on video, he identified Jelks as one of the assailants that entered

Avalon Gardens. I HAVE VIDEO AT APRIL 3, 2013. Codefendant Johnson denied being present but on April 17, 1992, the Los Angeles district attorney noted "additional information indicates Johnson was one of the shooters." When detectives interviewed Jelks they reported he was "noticeable deceptive and untruthful."[1] Rodriguez DeLeon Moore is shot. Attempted murder of Rodriguez DeLeon Moore LAPD DR ... 0976

8:50 p.m. **Chase Blue** is shot. At 8901 South San Pedro Street a male black, apparently a Swan, shoots Chase Blue in the stomach, gets in the passenger side of a vehicle and leaves the scene. See LAPD 92-18-05688.

At 122 East 82nd Street, Jelks was in the front seat of a four-door tan Toyota driven by codefendant Johnson when Alex Viera jumped out and shot Jequwan Lamar Johnson and Allen Earl Holloway.[2] Jequwan Lamar Johnson survived his injuries; Allen Earl Holloway was pronounced dead at Martin Luther King/Drew Medical Center. ????	Codefendant rapes **Maria Morales** in her house at 914 East 88th Street. Apparently Jelks put codefendant in the house. She lived next door to Jesse Frierson aka Ya Ya. (Sanger claims by the way that Frierson told detectives McCartin and Antenucci that Reco Wilson didn't murder Jones.) They tied Maria Morales up and Lakion aka Tuffy shot her in the head, per Connor. Codefendant went first. I don't think defendant went in. Apparently Jelks puts codefendant in the house. See June 21, 2012, infra, when detectives interview Melkian Huff doing 26 to life in Folsom state prison. Recording at December 4, 2013.They apparently are questioning Huff about the presence of codefendant in the rape and murder of **Maria Morales** in her house at 914 East 88th Street. She lived next door to Jesse Frierson aka Ya Ya. (Sanger claims by the way that Frierson told detectives McCartin and Antenucci that Reco Wilson didn't murder Jones.) And the prosecution had provided the defense with audio recordings represented to be of 13 conversations by parties including codefendant using the visitor telephone in the Los Angeles County Jail from October 7, 1995 to November 25, 1995. The defense believed that in the recorded conversations codefendant was heard to plot additional uncharged crimes including solicitation of murder. The defense believed the prosecution would offer evidence of all or part of codefendant's conversations in its guilt-phase case in chief, as well as its penalty-phase case in chief, if any.

At the first trial the prosecution introduced evidence of four recordings of telephone conversations pertaining to Carl Connor between codefendant and others during the months of August and September 1995, after codefendant and defendant had been indicted and while they were awaiting trial. The recordings were made pursuant to a wiretap of telephone calls made from the Los Angeles county jail. See defense notice and motion to reconsider motion to sever defendant for trial.

May 2, 1996 — *People v. Reco Wilson*, BA105800 called for jury trial.

Index of *People v. Reco Wilson*, BA105800 witnesses

Judge Ferns. CEN 106. Reco Wilson is only defendant. Jim Bisnow still Wilson's lawyer.

Court dismisses the jury. False start?

May 23, 1996 — Filed Joe Orr's motion to have (me?) appointed "assistant counsel."

$18,750

June 3, 1996 — Order appointing me second counsel at 15% of $125,000, or $18,750

December 30, 2012, I read reporter's transcript. Lasting did not join in my motion to sever. I see nothing in Trial Books anywhere indicating Lasting joined in my motion to sever

November 25, 1996 — Rosemary Sanchez testifies in *People v. Reco Wilson*, BA105800. I think pretrial motion. Brent Romney indicated to me female detective (I guess this is witness) falsified evidence regarding the reward. Was Brent talking about reward for a witness to murder of Georgia Denise aka Niece Jones or a reward in Loggins and Beroit Case # BA1058467 Apparently murder of Georgia aka Nece Jones. Rosemary Sanchez will testify again January 6, 1997. June 8, 2001. WE HAVE TRANSCRIPT

December 5, 1996 — *People v. Reco Wilson*, BA105800 trial re-starts TRANSCRIPT IN TRIAL BOOK I had noted Reco Wilson jury will believe witness Carl Connor. Did

witness Connor testify in Reco Wilson trial? Yes. Connor was sole eyewitness. THE HORROR IS I BELIEVE CONNOR LIED I don't believe Connor saw Reco Wilson pumping lead into Ms. Jones. Connor received a reward for Los Angeles City Counsel! It was $25,000. Judge Ferns. Reco Wilson only defendant. Reco Wilson convicted

	Defendant and codefendant sentenced to death Loggins and Beroit Case # BA105846
	Was Los Angeles Superior Court Case # BA108967 for September 14, 1991, murder of Tyrone Mosley, in which

apparently the prosecution also seeking death against codefendant, pending trial, then dismissed? NO, NO. Interesting. District attorney just wanted to make sure codefendant was convicted of something in case Loggins and Beroit Case # BA105846 was reversed. As it turned out jury in Case # BA108967, and Loggins and Beroit Case # BA105846 was reversed

1998

Apparently before May 11, 1998

Codefendant Johnson—already sentenced to death—is tried in Los Angeles Superior Court Case No. BA108967 for September 14, 1991, murders of Crip Tyrone Mosley middle of 97th Street, attempted murder of Kenneth Davis, Kim Rochelle Coleman. Jelks was in car *with* codefendant. Is Jelks *a* codefendant in the case—Los Angeles Superior Court Case No. BA108967? YES Deputy district attorney Jennifer says he is a codefendant. (RT 3496) Caption of case is *People v. Johnson and Jelks.* The prosecution seeking *another* death penalty. I was sure not against Jelks. Codefendant Johnson represents himself. Larry Forbes represents Jelks. Jury hung 9-3 for guilty. Codefendant wasn't retried. The reason codefendant not retried obviously was because he was already sentenced to death in Loggins and Beroit Case # BA105846. But then California Supreme Court *reversed* his death sentence in Loggins and Beroit Case # BA105846 leaving him with no death sentence! So now district attorney has re-charged codefendant with Mosley murder in the current

case.[5]

May 11, 1998 — In *People v. Johnson and Jelks*, BA108967, Judge Horan sentences witness Jelks to 3 or 4 years, credit for time served, witness Jelks is released

October 1, 1998 — See July 19, 2013. In penalty phase district attorney will offer evidence. Defendant assaults an inmate apparently on death row. Hmm.

5. I had a question re case BA108967. If codefendant had gotten life or death in case BA108967 maybe district attorney would not interested in retrial codefendant in our case in which event maybe I could work out a concurrent time settlement for defendant. But December 23, 2011, deputy district attorney Jennifer answered question. Jury hung 9-3 for guilty in Los Angeles Superior Court Case No. BA108967, and Interesting to say the least.

6. THERE MUST BE EVIDENCE CODE § 402 HEARINGS unlike first trial because we want to go into details of September 14, 1991, murder of Tyrone Mosley even though it incriminates codefendant Johnson!!! Date of my severance motion is August 14. 1996. Better than a severance the best result I think would be for Ohta to *exclude* Jelks testimony either live or read-back! I note Joe Orr extremely ineffectively *joined* Lasting argument and went along with witness Jelks *only* testifying he had case pending where he might get life. I was either telling him his position was completely opposite what it should have been, tearing my hair out that he wouldn't follow my advise, thinking about putting my advice on the record in sealed transcript, or I wasn't there that day. See all my many notes FTRT 3584 to 3621!!!! Court ruled *it was okay* to bring out Jelks facing September 14, 1991, murder and underlying facts. See FTRT 3609 and 3612!! But Joe didn't!!! *Of course* Lasting didn't because his client was the *fucking September 14, 1991, shooter* HOWEVER appellate lawyer argues court disallowed details. THAT'S BETTER THAN JOE COULD HAVE BUT DIDN'T!!!!!!!!!!! Also denial of confrontation when witness Jelks talks about what allegedly was said by codefendant Johnson and others at Johnson's house before and after shooting BUT WATCH OUT COURT COULD JUST REDACT! HERE'S WHAT I WON'T GET IN!!!!!!!!! September 14, 1991. Night. Codefendant, shooter, murders Crip Tyrone Mosley middle of 97th Street, attempts to murder Kenneth Davis, Kim Rochelle Coleman. My mid-1990s note shows allegations indicate codefendant committed a murder in September 1991—for which he is "currently" being prosecuted *also* in Los Angeles Superior Court Case No. BA108967? Yes, per Richard Lasting. I had noted the prosecution was "currently" seeking the death penalty in Los Angeles Superior Court Case No. BA108967. Isn't Jelks *a* codefendant in the case—Los Angeles Superior Court Case No. BA108967? Yes. No indication defendant involved.

	disclosure *by* the defense *to* the prosecution. Faxed to deputy district attorney Scott. November 28, 2013, faxed again.

She lived next door to Jesse Frierson aka Ya Ya. (Sanger claims by the way that Frierson told detectives McCartin and Antenucci that Reco Wilson didn't murder Jones.)

	They tied Maria Morales up and Lakion aka Tuffy (Melkian Huff???) shot her in the head, per Connor. Codefendant went first. I don't think defendant went in. Apparently Jelks puts codefendant in the house.
